

Calorimeter Parallel Session I

- Practical: Make e-talks available; Keep talks \lesssim time limit
- What areas are “we” (world-wide) not covering?
- N. America now has efforts in:
 - Software tools development (SLAC + ...)
 - Digital HCal (NIU,UTA,ANL)
 - Si/W (SLAC,UO)
 -

How do we proceed?

- We have common need for sim./recon. tools development.
- Should we have “regular” meetings ?
- ... starting with emphasis on simulations/tools ?
-
