EVENTS

PINE MOUNTAIN OBSERVATORY'S ANNUAL STAR PARTY

8/10/2006 6:30 PM (PST) - 2 hours

THURSDAY AUGUST 10th – 6:30 P.M.

DOORS OPEN AT 6.00 PM

The Pine Mountain Observatory is one of only a handful of deep space research centers on the west coast open to the public. This summer, PMO and the University of Oregon <http://cas.uoregon.edu/> are bringing the stars to downtown Bend. Join the Friends of Pine Mountain for this special event where Dr. Jim Brau, world leading physicist, will explore Einstein's Dream and mysteries of the universe.

Along with this exploration and discussion, Dr. Brau and Friends of PMO will highlight the Observatory's role in the Bend community. Guests will also be treated to a display of images of the stars and galaxies the researchers have taken with CCD digital cameras.

For additional information about the observatory or Dr. Jim Brau visit <http://pmo-sun.uoregon.edu/~pmo/index.html> and <http://physics.uoregon.edu/~jimbrau/jimbrau.html>.

This event is free and open to the public; complimentary popcorn and soda will be served.

Seating is on a first come, first served basis.

Parking tip! Use Bend's new downtown parking garage - the *Centennial Parking Plaza*. The new garage is located at Lava and Minnesota – in the heart of the downtown.

[Please call in person at the Tower to obtain your tickets, or call 317 0700 for more information](#)
